

End-User License Agreement (EULA) - Pixify

Last Updated: January 2026

This End-User License Agreement ("Agreement") is a legal agreement between you ("User", "You") and Mohammed Gaber ("Developer", "We", "Us") regarding Pixify software and related components.

By installing, activating, or using Pixify, you agree to be bound by this Agreement. If you do not agree, do not install or use the software.

1. License Grant

We grant you a limited, non-exclusive, non-transferable, revocable license to use Pixify according to the purchased plan.

1.1 Personal License

- Use on up to 2-3 devices (depending on plan details).
- Personal and freelance use only.
- Not allowed for SaaS, CI/CD, or shared team workflows.

1.2 Team License

- Covers up to the number of purchased seats.
- Each seat equals one active device/user allocation.
- Internal company team use is allowed.

1.3 Enterprise License

- Intended for large internal company usage.
- May include SLA, dedicated support, or custom limits by contract.
- Does not include rights to resell or offer Pixify as a public service unless explicitly licensed.

1.4 SaaS Integration License

Using Pixify as part of a public-facing SaaS/API/automation service requires a dedicated SaaS/commercial integration license.

2. License Restrictions

You may not:

- Build or run a public SaaS/API service using Pixify without explicit commercial permission.
- Redistribute, sell, sublicense, lease, or share the software.
- Share activation keys or tokens with unauthorized users.
- Exceed allowed devices/seats.
- Reverse engineer, decompile, disassemble, modify, or create derivative works of Pixify.
- Remove copyright, trademark, or branding notices.
- Circumvent licensing or verification mechanisms.
- Use Pixify for illegal, abusive, or harmful activity.

Violation of these restrictions may result in immediate license termination.

3. Intellectual Property

Pixify, its engine, algorithms, documentation, user interface, and related materials are proprietary and remain the exclusive property of Mohammed Gaber. This Agreement grants a license to use, not ownership.

4. Third-Party Components

Pixify may include or depend on third-party libraries that are subject to their own licenses (e.g., MIT, Apache-2.0). Your use of such components remains governed by their respective license terms.

5. Updates and Product Changes

- Updates may be provided based on your purchased plan (subscription or lifetime scope).
- Features may change, be improved, or be discontinued at any time.
- Some features may be limited to higher tiers.
- We are not obligated to implement requested features.

6. Activation and Verification

- Pixify may require activation, online license verification, and periodic checks.
- Device fingerprinting may be used for licensing and anti-fraud enforcement.
- Keys/tokens used in violation of this Agreement may be suspended or revoked.

7. Data and Privacy

- Pixify does not upload your image content by default.
- We may collect minimal metadata needed for license validation, analytics, and fraud prevention.
- For details, refer to the Privacy Policy on getpixify.com.

8. Warranty Disclaimer

PIXIFY IS PROVIDED "AS IS" AND "AS AVAILABLE", WITHOUT WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT.

9. Limitation of Liability

To the maximum extent permitted by law, our total liability for any claim arising from or related to Pixify shall not exceed the total amount paid by you for Pixify during the 12 months preceding the claim.

We are not liable for indirect, incidental, special, consequential, or punitive damages, including data loss, business interruption, or loss of profits.

10. Billing, Refunds, and Chargebacks

- Payments are processed by authorized payment providers (e.g., PayPal).
- Refund eligibility is governed by the published refund policy (if applicable) or by explicit written agreement.
- Unauthorized chargebacks, payment fraud, or abuse may result in immediate license suspension and account restrictions.

11. Termination

This Agreement terminates automatically if you violate any term. Upon termination, you must stop using Pixify and delete all copies in your possession or control.

We may suspend or terminate access to paid services or licensing infrastructure where required for security, fraud prevention, or legal compliance.

12. Export Compliance

You agree not to use, export, or re-export Pixify in violation of applicable export-control or sanctions laws.

13. Governing Law and Disputes

This Agreement is governed by the laws of Egypt, unless mandatory consumer protection laws in your jurisdiction provide otherwise.

Any dispute shall first be attempted to be resolved in good faith through direct contact. If unresolved, disputes are subject to the competent courts in Egypt unless otherwise required by mandatory law.
